MORALITY

*Wooded*

GIN

SMALL BATCH

HANDCRAFTED

Our flagship gin, Morality Amber, is an original Genever style as produced in Holland in the late 1500's. Made from pure barley, vapour infused and then barrelled in french oak (thus the amber colour). Genever, though, is a different beast. It's a malty, full-bodied spirit with a nutty, earthy quality. Fans of whiskies might readily embrace the uniqueness of genever. For others, it can be an acquired taste – one totally worth acquiring.
